

Touch Table Eminent X 55" & 65"

Edge-to-Edge, bezel free,
tempered 4 mm glass

Available with 4K Ultra HD display

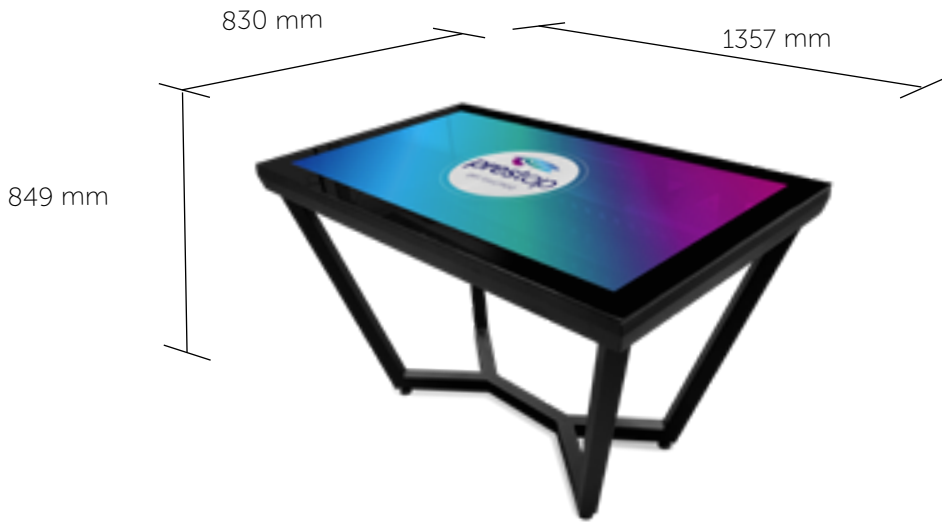

Edge to edge touch table

Present, draw, inform, collaborate: the Touch Table brings interactivity to any environment. Whether you engage your audience in the boardroom, in a showroom, at an event or in an educational institution, the Touch Table is the right tool for the job. Gather your audience around and interact with multiple persons simultaneously. This Touch Table is equipped with a professional 55" or 65" 4K monitor for stunning visual performance and long-term reliability. Projected-capacitive touch technology provides precise multitouch functionality with a uniquely smooth feeling surface. The proprietary base features an enclosed space for a performance PC.

Professional installation

Our own technical service engineers can deliver and install the solution

prestop

Prestop integrates PCAP touch foil from 10" to 85" on glass in every size and shape. With our own cleanroom and our experience, we supply to many screen manufacturers, architects, interior builders, AV companies and end users who are interested in customized interactive displays. We can laminate PCAP technology on glass up to 12 mm thickness.

- Certified cleanroom (ISO 14644)
- Dutch design
- Assembled in The Netherlands
- Transport and installation worldwide

Prestop is your specialist for interactive experiences since 1993!

We develop and produce touch tables, information kiosks, touch screens, outdoor kiosks, industrial solutions and video walls. Prestop is also specialized in custom projects.
